

This is to certify that
TVS Supply Chain Solutions

Logistics House, Buckshaw Avenue, Chorley, Lancashire, PR6 7AJ

Has been assessed
by Daniel Pollard for NCC Group
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials PLUS

Scope: TVS Supply Chain Solutions external facing infrastructure and standard user workstations

Certification date: December 21st, 2017

Recommended re-assessment date: **December 20th, 2018**

Certificate no.: 8376493504043459

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
